

# Need Help? Whom Do You Call?

When you have a problem, issue or concern, do you know whom to call? This should help.

## Your Building Association Rep

- Unless you have a legal issue, potential contract violation, or evaluation problem, your first step should always be to talk with your school Association Rep (AR). Most of the time, they'll have the answer or can access the information quickly.

## Your Executive Board Contact

- Your second step would be for you or your AR to contact your school liaison Executive Board Member. Your AR should know who that is or you can click on "Executive Board Contact Schools" under the "Who's Who at DEA" link".

## DEA President, Don Paver

- Your DEA President, Don Paver, can be reached at 801-451-2277 or by e-mail at [don@dea.org](mailto:don@dea.org)

## Your DEA Uniserv Director, Patrick Riley

- Pat is the advocacy expert. Anything dealing with legal issues, potential contract violations, or evaluation problems should come to the Uniserv Director. Call 801-451-2277 or e-mail [pat@dea.org](mailto:pat@dea.org).
