

Proud to be... dea

"I am part of DEA because I know that if I was ever wrongfully accused of anything, I would have the full support of DEA and their legal team. DEA are great negotiators and fight for their teachers. Davis has stayed competitive in salary and medical benefits because of what DEA does for us. We are a strong union and I am proud to be part of it."

"DEA is one of the very few Associations in Utah successful in negotiating a binding contract for teachers. I am proud to have my voice part of the negotiations process."

"As a new teacher, I appreciated the professional support DEA provided to me during this provisional year!"

"I attended DEA/UEA's Educator on the Hill event and was proud to be a member of my politically active Association."

"After DEA got involved, it just wasn't a problem anymore. I could focus on doing my job." (From a teacher with an exceedingly tough classroom who was being singled out for perceived poor classroom management.)

"DEA is amazing. Thank you for supporting me. I can go see my mother without worry." (A teacher of 3rd graders who had a difficult time getting permission to take a personal day to visit her aging mother.)

At no cost, you can join DEA/UEA/NEA beginning April 1st and receive many of the benefits active members receive. In September, you will become a dues paying member eligible for full benefits of our great Association. Ask your DEA Association Representative how you can join today!

"Love me some DEA!"
